SILVLIS

DESIGN

simplicity . fashion . love . jewels

SILVLIS DESIGN is a distinctive handmade silver jewellery brand that stands out for its artistic vision and heartfelt craftsmanship. Born from the creative partnership of designers based in London and Hong Kong, the brand proudly operates its headquarters in Hong Kong. Founded by Susanna Lam and supported by her sister Yan Lam, SILVLIS DESIGN is a family-driven venture rooted in a shared passion for artistry, storytelling, and the enduring beauty of handcrafted design. With a strong online presence, the brand caters to a global audience by offering worldwide shipping, ensuring their creations can be cherished across borders.

At the heart of SILVLIS DESIGN lies a philosophy centered around customer-focused design and meaningful expression. Each piece of jewellery is more than just an accessory—it is a symbol of personal stories, emotions, and cherished moments. The brand draws inspiration from universal themes such as love, growth, family bonds, and animal conservation. These themes are delicately woven into every collection, allowing wearers to connect with deeper narratives and celebrate life's milestones.

The product range includes an elegant selection of necklaces, rings, earrings, and bracelets, all meticulously handcrafted with attention to detail. One of SILVLIS DESIGN's most distinctive features is their use of cameo craftsmanship—an intricate technique that involves embossing agate into vintage-style silver settings. This approach not only evokes a sense of timeless elegance but also honors memory and heritage, making each piece a treasured keepsake. Other than silver, they also offer plated gold as another option.

Beyond ready-made collections, the brand also offers bespoke services. Customers can personalize their jewellery or even transform personal photographs into custom cameo designs, perfect for meaningful gifts or memorial keepsakes, such as framed portraits.

SILVLIS DESIGN is also deeply committed to giving back. The brand actively participates in charity events and community initiatives, using jewellery as a medium to spread love and support noble causes.

misis

Misis was founded in Vicenza, the world jewel "capital" and melting pot of all the different creative influences from the nearby cities of Venice and Milan, where fashion and art come together.

Its strength is its common family aim: to transform silver, which has always been considered second best to gold, into a high quality jewelry item.

In the family workshop, nowadays very fine items are created, by paying attention to every detail and permeating every object with imagination. Precious stones, iridescent enamels, silver and gold give life to forms that vary from geometrical rigor to the spontaneity of nature.

Lush nature, multi-coloured and happy, lies at the base of every Misis creation. Misis plays with nature and women... exploiting the elegance, the simplicity, the colours to create gems that become evocative, suggestive accessories, sometimes ironic and sometimes romantic. Each silver jewel is made by hand, painted with special enamelling techniques; it's a precious expression of Made in Italy handcraft.

The collections are characterized by a passion for innovative design. Every product is created in Italy with unrivaled excellence, specifically in Milan, the fashion and design capital of the world.

Antonini, a prominent diamond and precious stone business, was founded in Milan in 1919. Their products became instant "must haves" for the sophisticated Milanese and Italian aristocracy, and the company developed to become a historic fine jewelry brand throughout time. After attending the Scuola Politecnica di Design in Milan and the Gemological Institute of America in New York, the third generation took over the family firm in 1989. Sergio Antonini began his career as the designer of a new high-end jewelry line, reinterpreting heritage with innovative ideas.

Extraordinaire is Antonini's haute couture jewelry line: a collection of one-of-a-kind pieces that sees new miniature masterpieces added every year for those seeking out-of-the-ordinary items. Crafts produced from high-quality gemstones that are numbered and certified. Sergio Antonini chose the color and clarity by himself. The unique designs enhance the beauty and brightness of each gemstone. White gold frames with a contemporary edge bring diamonds, emeralds, and sapphires to life, enhancing their transparency and form. The final product turns out to be a piece of high-end jewelry. ITALIAN *Jewelry*

Through The Ages

Italy's Jewelry manufacturing process and distinctive artistry has kept its jewelers in the spotlight on a global scale. Italian firms rely on their strong heritage and exceptional craftsmanship to drive growth in an ever-changing global business environment.

The worldwide jewelry industry has been facing difficulties in these years, with industry players dealing with economic and political uncertainty, fluctuating currencies, and shifting customer preferences. In the face of adversity, Italian jewelers remain their foothold with strong jewelry-making tradition, innate innovation, aesthetic design, exquisite craftsmanship, and world-class manufacturing skills.

When Classic meets Modern

The unique vision of Italian Jewelry is its harmony that combines past, and present in contemporary design, marrying Italian Jewelry's old-world traditions with modern flights of fancy. International buyers and retailers are clamoring for "Made in Italy" masterpieces, and jewelry collectors are more than ever proud to own Italian jewels. Rather than being disposable fast fashion items, Italian jewels are valued assets that could be worn for a lifetime.

If technology drives industry growth, the "Made in Italy" concept is the ace in the hole for Italian jewelers who are outsmarting worldwide competitors. In a world flooded with mass-produced Jewelry, Italian manufacturers can "leverage their great heritage." Italian Jewelry has a long and glorious cultural history, as well as decades of artistic admiration. Because of the tremendous attention and demand for Italian jewelers' handmade crafts, the early goldsmiths ignited the perfect spark for the impeccable quality of "Made in Italy" jewels. Designers were affected by various cultural beliefs throughout the Roman Empire's heyday, which is why they place such a high value on quality and innovation today.

Carrying On Italy's Tradition of Superior Craftsmanship

Italian jewelers share an artistic sense, a deep reverence for their ancestors' tradition, and a sincere dedication to world-class artistry and craftsmanship. Jewels of Italy integrate elegance, design, and originality, with jewelers adhering to artisan traditions with the assistance of extraordinary goldsmiths. The "past" served as a source of inspiration for Italian jewelers, with reinterpretations of styles such as Classicism, Renaissance, Baroque, and Rococo. Cameos and decorative motifs from the Greeks, Etruscans, Romans, and antique goldsmithing and carving techniques are employed. The one-of-a-kind jewelry pieces reflect the designers' and jewelers' pride in their hometown, Italy, as well as a love of luxury, beauty, and unique style.

Made in Italy Around the World

"Made in Italy" has long been associated with quality and uniqueness, as well as beauty, style, and passion. The Italian Trade Agency promotes "Made in Italy" by assisting Italian companies with global expansion and serves as the ideal gateway for businesses seeking to build trade relationships with Italian partners, ranging from product sourcing to investment opportunities. This booklet, *Jewels of Italy*, was produced to promote the uniqueness of "Made in Italy" jewels and respond to the rising interest of global buyers in Italian jewels.

This booklet features the best of contemporary Italian Jewelry, which spans a century of significant leaps in the industry. It is a thorough guide for international buyers looking for quality "Made in Italy" jewels and exclusive, stunning, and remarkable collections.

About Tahitian Black Pearl

Tahitian Black Pearl is an organic gem formed from black lip oyster *Pinctada Margaritifera-Cumingii*. These pearls come in an attractive array of sizes, colors and shapes including round, semi-round, button, circle, oval, teardrop, semi-baroque and baroque. Each Tahitian black pearl has its own unique character and charm, which appeals to jewelry wearers who truly value its one-of-its-kind glamour. Also, it takes two years for a pearl oyster to be mature enough to begin producing pearls and its culturing process is highly sophisticated and requires the knowledge of expert grafters. Such rarity gives Tahitian black pearl higher value in terms of pricing and aesthetic.

Nano系列便攜CVD鑽石批量檢測儀

Nano和Nano+便攜型鑽石/CVD/HPHT批量檢測儀是一個創新的儀器，小巧輕便，易於攜帶和托運，客戶可以在購買鑽石的現場進行快速檢測，篩選出自己可以確認的天然鑽石再進行購買。

Nano和Nano+也同樣適合於在一些工作空間緊湊的場所中使用，其供電方式靈活，耗電量極低，用一個大容量的充電寶，可以連續工作許多天。

Nano和Nano+檢測準確，速度快，很多海外實驗室都在使用EzView系列檢測儀檢測鑽石、CVD、HPHT。

為什麼選擇Nano和Nano+？

這是一台真正便攜型的儀器，尺寸只有手掌大小，重量很輕，可以放在隨身的背包中，並且可以用充電寶供電。如果乘飛機，儀器內部沒有電池，可以空運到任何地方。

儀器的準確度非常高，基於光譜分析原理，檢測更直觀。所以很多國外的實驗室都選用的是EzView系儀器。

儀器和手機之間無線連接，使用起來簡單方便。檢測的時候，手機放在儀器上的固定位置；查看結果的時候，可以把手機拿起來，隨意翻看，執行放大等操作。

檢測速度非常快，只要十幾秒就能完成檢測。

小儀器，大測試區域。可以批量檢測裸石和珠寶成品，包括戒指、耳釘、耳環、手鏈、項鍊，等等。

多種供電方式，可以使用交流電220V/110V供電，也可以使用充電寶供電。

操作非常簡單，只需要手機無線連接儀器，運行相應的App，點擊測試，就會自動完成檢測。

Top 5 jewellery design inspirations to fall in love with at JGA

Asia's top mid-year B2B fine jewellery fair returns to HKCEC from 19 – 22 June

The latest collections of 1,300+ exhibitors are ready for their close-up at Jewellery & Gem ASIA Hong Kong (JGA) happening in June!

Set to unfold from 19 to 22 June at the Hong Kong Convention and Exhibition Centre (HKCEC), JGA will bring together major suppliers from 30+ countries and regions, spread out across 30+ theme and group pavilions, according to show organiser Informa Markets Jewellery. The fair will also offer three standout attractions to enhance the buyer experience: The groundbreaking Orient Odyssey 2.0 pearl exhibit (Stand 3M260) led by Platinum Sponsors Autore, Jewelmex, Paspaley Pearling Company and Rio Pearl; a dedicated Gold Jewellery Pavilion and the announcement of the Finalists for the Sustainability Awards 2025 by JWA (Jewellery World Awards).

"The variety of jewellery resources, product launches and networking opportunities at JGA reaffirms its status as Asia's top mid-year B2B marketplace for trade buyers," said Celine Lau, Director of Jewellery Fairs at Informa Markets Jewellery. "To truly understand the energy, creativity and spirit of discovery that define JGA, attending the show is a must. It's an event that you just have to see and experience for yourself."

The fair encompasses virtually all core product categories, including loose diamonds, coloured gemstones and pearls; fine jewellery; jewellery mountings; antique and vintage finds; packaging; equipment & tools and industry-related technologies.

Moreover, the event programme features two thought-provoking panel discussions. On 19 June, "The Rise of the Eco-Friendly Luxury Consumer" examines how the call for sustainability shapes purchasing decisions in the jewellery market. Leading this conversation are industry insiders Lianne Ng (Chow Tai Fook Jewellery Group), Henry Tse (Ancardi, Nyrrelle & JRNE) and Pui In Catherine Siu (PICS Fine Jewellery). The following day (20 June), "For the Love of Pearls: A Millennial and Gen Z Affair," looks at why pearls are becoming increasingly popular with younger buyers. This dynamic session brings together Ruby Autore (Autore Group), David Wong (Fukui Shell Nucleus Factory) and Julien-Loïc Garin (The Collection by JLG).

"From expert knowledge to innovative displays, this fair delivers endless inspiration," Lau shared. "Every corner holds a new discovery waiting to be unveiled."

Buyers bound for JGA may skip the long queues onsite by pre-registering online between now and 11 June.

With JGA opening in just over a month, Informa is jumpstarting the product discovery journey by unveiling a sampling of the collections heading to Hong Kong. Here are five jewellery design inspirations that buyers would not want to miss.

Who can resist the allure of flowers and butterflies? These timeless favourites are given a contemporary update in the showcased collections. The butterfly pieces are equally enchanting – brooches with wings pavé-set with rainbow sapphires in a gradient of colours by H & R Jewellery, as well as another featuring wings crafted from carved jade with a freshwater pearl body by Gold Treasure International Jewellery. In addition, there is Teng Huat Jewellery's pair of long earrings made of mother-of-pearl shells, embellished with miniature butterflies in gold with diamonds.

The heart motif, cherished in jewellery design as a symbol of love, appears in countless interpretations. Trending now are “puffy” hearts, exemplified by Shenyang Moonlight Jewelry Manufacturing's charming heart spacer beads and Tri Gem Jewelry's textured pendant with brushed and tufted details. Completing this sweet narrative is Jewellery Collection Manufacturer's ring with precisely placed baguette and round diamonds forming a heart design.

Online buyer registration is now open through 11 June, allowing visitors to bypass onsite queues and gain immediate access to the show floor.
